THE PUBLIC TRUSTEE OF MANITOBA

REPORT OF THE PROVINCIAL AUDITOR'S OFFICE

We have examined the financial statements, being Exhibits A and B, of The Public Trustee of Manitoba for the fiscal year ended March 31, 1986. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of affairs of the estates and trusts under jurisdiction of the Public Trustee as at March 31, 1986 and the cash receipts and disbursements for the year then ended in accordance with the accounting policies stated in note 2 to the financial statements applied on a basis consistent with that of the preceding year.

F. H. Jackson, C.A.,
Provincial Auditor.

August 8, 1986,
Winnipeg, Manitoba.

GOVERNMENT OF THE PROVINCE OF MANITOBA

The Public Trustee of Manitoba

Notes to Financial Statements
March 31, 1986

1. Role and Objective

The Public Trustee acts on behalf of persons affected by various disabilities, mental disorders, age and death. The Public Trustee is considered to be an appointment of last resort and therefore provides a public service, generally, where there is no competent or acceptable person available to provide the required service.

2. Significant Accounting Policies

Statement of Receipts and Disbursements

The Statement of Receipts and Disbursements reflects cash transactions which have occurred during the year for estates and trusts under administration.

Balance Sheet

The Balance Sheet reflects the position on a modified accrual basis with the following exceptions:

A. Assets

All known assets are included in the Balance Sheet except for chattels, which are accounted for in separate accounting records, and accruals on investment earnings.

B. Liabilities

Liabilities are only recorded on the Balance Sheet where accounts are due to the Government of the Province of Manitoba, and in respect of mortgages, notes and agreements payable described in Note 2(i).

The net recorded value of the estates and trusts under administration is governed by the valuation criteria described on the Balance Sheet as well as the following evaluation and accounting policies:

a) Expenditures Recoverable from Estates and Trusts

Expenditures recoverable from estates and trusts represent disbursements made on behalf of estates or trusts for which funds were not immediately available; these expenditures will be charged to the estates or trusts concerned in due course when funds become available. If funds do not become available, these expenditures are recovered from an appropriation of the Department of the Attorney-General, Province of Manitoba.

b) Common Fund Investments

Investments of the common fund, established pursuant to Section 7.1(1) of The Public Trustee Act, are restricted to securities and loans authorized under The Trustee Act. Common fund investments are recorded at cost, adjusted for the amortization of premiums or discounts on purchase on a straight-line basis over the remaining term to maturity of the security. Earnings are distributed semi-annually to the individual estates and trusts on a pro rata basis.

c) Shares of Capital Stock and Mutual Funds

(i) Mental Health and Infant Trusts

The basis of valuation of shares assumed under administration prior to December 22, 1971 is at Valuation Day prices (market value as at December 22, 1971), except shares for which no Valuation Day price exists. Shares are then recorded at cost, if available, or at a nominal value of $1.00.

Shares assumed under administration since December 22, 1971 have been recorded at the market value as at the date of assumption or at a nominal value of $1.00 where market value is not readily available.

All shares purchased by the Public Trustee are recorded at cost.

(ii) Estates of Deceased Persons

Shares forming part of estates of deceased persons assumed under administration have been recorded at the market value as at the date of death. Shares purchased by the Public Trustee are recorded at cost. Where no market value exists, nominal values of $1.00 are used.

Shares recorded at Valuation Day prices (December 22, 1971), assumed under administration since December 22, 1971, and purchased by the Public Trustee, amount to $2,340,963 (1985 - $1,818,570), with the balance of the account representing share certificates of a nominal value of $1.00 each.

d) Annuity Contracts

Determinable receivables amount to $94,884 at March 31, 1986 (1985 - $100,123), with the balance of the account represented by receivables recorded at a nominal value of $1.00 each.

3. Administration Fees

Under Section 10 of The Public Trustee Act, the Public Trustee may determine reasonable charges based on the services provided to the estates and trusts under his administration. Charges are made annually on the aforementioned basis to each estate and trust on its anniversary date of enrollment with the Trustee, except those estates and trusts which do not have sufficient funds, where the charges are either reduced or not made.

The Government of the Province of Manitoba requested that the total costs of the Public Trustee's Office be fully recovered by means of these administration fees. These fees are remitted to the Government of the Province of Manitoba when funds become available in each estate and trust.
